PATENT

REMARKS

Applicants respectfully request that this Preliminary Amendment be entered in the above-captioned application, and that this application as amended be considered by the Examiner.

Claims 22-29 and 32-38 are currently pending in this application.

Claims 1-21, 30-31, and 39 have been cancelled without prejudice to the prosecution of this subject matter in separate applications. Claims 1-19 and 39 have been allowed in the parent application Serial No. 09/281,872, filed March 31, 1999, upon which this application claims priority. Claims 20-21 and 30-31 were subject to a restriction requirement in the parent application, as being drawn to a separately patentable invention.
